

WHERE CAN WE BUY REUSABLE HYGIENE ITEMS?

- ▶ Companies in Spain that sell them:
 - Bebés Ecológicos www.bebesecologicos.es,
 - Crianza Natural www.crianzanatural.com,
 - Baby Emporium www.babyemporium.com,
 - La Hilandera Cantarina www.elositofeliz.com,
 - Instinto Maternal www.instintomaternal.com,
 - Renacuajos <http://renacuajos.com>

- ▶ In some countries there are shops selling second-hand nappies. We can look on the Internet to see if we find any in our country.
- ▶ There are also websites for buying and selling second hand, and distribution lists for exchanging products. Quite a big one is Freecycle; (www.freecycle.org/group/?noautodetect=1) we can find the contact on the list for the country we are interested in.
- ▶ We can set up our own virtual utilities for exchanging items or buying/selling second-hand objects.
- ▶ We can find cloth nappies and/or sanitary towels at shops or fairs selling green products.
- ▶ Various manufacturers sell them over the Internet. Otherwise, we can find out how to contact them on their websites to ask them where we can buy their products.
- ▶ Word of mouth between people who use or have used cloth nappies can get results.
