The H2020 Initiative

The "Horizon 2020 Initiative" aims to de-pollute the Mediterranean by the year 2020 by tackling the sources of pollution that account for around 80% of the overall pollution of the Mediterranean Sea: **municipal waste, urban waste water and industrial pollution.**

To implement and monitor actions three working groups were created to address:

- Investments for Pollution Reduction (PR);
- Capacity Building (CB) for achieving H2020 objectives;
- Review, Monitoring and Research (RMR).
