

Closing first day session (21st October)

I am sure there will be many results on the work we have done today. We have shared information on how green competitiveness and Cleaner Production could be a management tool and how we could and must include environmental opportunities in the taking of corporate decisions.

Moreover we have been talking about IPPC, a directive to achieve a high level of protection for environment as a whole.

I do not want to close this session without thanking specially Dr. Aydin Yldirim, Mr. Carlos Anside from the Spanish Embassy and Mr. Musa Galip Eroglu, from TUSAID their support on this FORUM, as they are not here please transmit my gratitude.

Thank you for your attendance and interest, this is the beginning of GRECO, your collaboration on the implementation of GRECO and the implementation of cleaner production will be beneficial to everyone.

Thank you and see you tomorrow.
